SALOONMEN IN
A NOVEL STRIKE

PARIS, April 22.—All the bars, saloons, cafes and places that sell liquid refreshments in Bar-le-Duc decided to close for 24 hours recently because the authorities had refused their request to be allowed to sell at all hours to soldiers passing through the town. Many thousands of soldiers arrive and leave at all hours as the town is a center for military transport. The day chosen

Bar-le-Duc believes it has a good claim to special consideration as during the war the little town received 590 aerial bombs or torpedoes as compared with 850 which were dropped on London.

JAPS JEALOUS
OF AMERICANS

(Correspondence Associated Press)

TOKIO, April 22.—Virtually all the Tokio newspapers published today an item reading as follows:

"A dispatch from Verkhne Udinsk, Siberia, (on the trans-Siberian railway east of Lake Khaba), received at a certain quarter, says: 'Two battalions of American troops have recently arrived here. There are no barracks available at Chita for quartering troops and the Americans have had to live on board trains for a long time owing to a lack of lodgings. Moreover, they have come to Verkhne Udinsk without negotiating with the Japanese or Russian authorities before hand. This attitude of the American army which has hitherto complained about the insufficient railway transportation, but which is now employing many railway cars at the expense of general railway transportation is criticized in various quarters as an act of ingratitude.'"

"A certain quarter," is the term usually employed to signify the foreign office of the war department. Statements similar in nature concerning the American army in Siberia appear from time to time. The Japanese press appears very anxious about American interest in Siberia. Reports that Americans may be seeking concessions or American business men seeking opportunities constantly give rise to inflammatory comment based apparently on the idea that Siberia is the field for Japanese development.

NEW PHONE LINE
FOR THE DIVIDE

The Nevada Telephone and Telegraph company is arranging to install two new circuits in the Divide district. One will be in operation in about thirty days. The company has been delayed through the order of the government which is administering all telegraph and telephone lines in the country, and is not disposed to grant any inducements to extend business. For the same reason the local company is compelled to carry Divide business on a long distance schedule involving a lot of red tape and expense greater than the receipts of such service. One parcel of poles has been ordered from Oregon and soon after their arrival the service will be instituted. The first circuit will reach the Victory, Divide Consolidated, Divide Junior, Grimes, Keystone, Belcher, Belcher Extension, Revert and Verdi. There are already seven or eight direct phones in the district connected with the main line between here and Goldfield. After the government lets go the lines the company will be in a position to offer better inducements. Then another circuit will be put in to the Rosetta, Ben Hur, Giant and Hercules.
